Subject: TDM - Please prepare tables and draft comments for Parcel E similar to those for Parcel C
Attachments: 2018-12-28 - Draft Rad Data Eval Findings Parcel C - EPA Comments Narrative.doc; 2018-12-28 Parcel C Rad Data Eval - Comments from EPA DTSC CDPH .xlsx; Parcel UC-123 D-2 Trench Unit EPA CDPH DTSC Review 3-30-2018 Internal.xlsx; EPA comments on draft Rad Data Eval Parcels D-2 UC-123 3-30-2018.docx

Dear Karla,

Thank you for your previous drafts you gave me regarding your comments on the Parcel E Rad Data Eval draft. In a new TDM, please prepare tables and draft comments for Parcel E similar to those for the attached Parcel C example. I also added example from Parcels D-2 & UC-1,2,3.

Attached is are examples of how I took the spreadsheet that you, CDPH, and Nina gave me and combined them into summary tables and narrative summaries. Please use these as a template for combining the information that you have drafted into a similar format. I will separately send you the table from Nina re Parcel E. I think you should already have Tracy's tables for Parcel E.

I know the 2 examples are a little different. In Parcel C, I just got CDPH review in pdf form. So I couldn't put it into the spreadsheet. But I think the previous example (UC's) I had CDPH review in spreadsheet form so I could create a new sheet in the same combined Workbook to include that. Just use your common sense to decide what is most practical and understandable to a reader.

For the narrative comments, please compare the draft to the comments EPA already sent on the Parcels B & G Workplan in Dec 2017 found at this EPA

website: <https://cumulis.epa.gov/supercpad/SiteProfiles/index.cfm?fuseaction=second.scs&id=0902722&doc=Y&colid=37700®ion=09&type=SC>

Please delete or modify any comments that are redundant.

Due date January 11, 2018. Let me know if you need an extension. I do not believe this task should require guidance from an EPA employee, since you have templates already attached. Therefore this work should be able to continue under a shutdown. Please let me know if you have any questions by midnight tonight. After that, we are instructed to begin shutdown procedures.
